

**SOLAR**  
**SECURITY LIGHT**

**NX-602S**

**Product Description**

1. Water resistant for outdoor installation.
2. Combination of latest solar power and LED lighting technology.
3. High capacity, long-life Lithium ion battery, with excellent high temperature characteristics to ensure product life span.
4. The main structure is made of metal material with anti-corrosion treatment.

**Product Specification:**

Model: NX-602S  
 Input Voltage: 3V  
 Input current: 0.75A  
 LED Power: 8W  
 LED Working Temp: -20~40°C  
 CRI: >80  
 THD: <10%  
 Color: white  
 Color Temperature: 6500k  
 Lumen: 720-800 lm  
 Beam Angle: 120 Degree  
 Chip: Epistar SMD  
 Life Time: 50000Hours  
 Certificate: CE
